ZONING & PERMITS

Debbie Todd
ZONING ADMINISTRATOR

MEMO

TO: Mayor David Jackson & City Council Members

FROM: Debbie Todd, Zoning Administrator

DATE: August 16, 2018

RE: Suspending/projecting signs over right-of-way

In accordance with the City's Sign Regulations, all suspending/projecting signs overhanging a city sidewalk/right-of-way must receive Council approval prior to the issuance of a sign permit. Any such sign must have a minimum of 8' clearance from the bottom edge of the sign to sidewalk and may not project out more than 7' from the building nor extend closer than 2' to the edge of the curb. In addition, the applicant must submit proof of liability insurance naming the City as an insured party.

Recently, I received a request for a suspended sign from the Hopkins County Tourist & Convention Commission at 28 Sugg Street. The proposed sign is 24" high by 48" wide, double sided and will hang on an existing L-shaped bracket (see attached picture). It meets the minimum criteria in our Sign Regulations as stated above and they have provided a certificate of insurance listing the City as an additional insured party.

Based upon the above, I am seeking the Council's approval at their next meeting on the 20th so that I may issue them a sign permit.
